

# Digital Citizenship Week 2024: Grades 9–12

Day	Topic	Lesson	Description	Go Deeper
Monday 	Artificial Intelligence	<a href="#"><u>AI Chatbots: Who's Behind the Screen?</u></a>	Why are AI chatbots designed to sound so human-like, and how can that impact our everyday lives?	Lessons: <a href="#"><u>AI Literacy collection</u></a>
Tuesday 	Digital Well-Being	<b>NEW LESSON!</b> Coming soon! (check back Oct. 10)	Help teens reflect on the pressures they feel, both online and off, and consider ways to practice self-care and support their well-being.	Lessons: <a href="#"><u>Digital Well-Being collection</u></a>
Wednesday 	Cellphone Bans	<b>NEW LESSON!</b> <a href="#"><u>Taking a Stand on Cellphone Bans</u></a>	To ban or not to ban? As schools grapple with this question, what better way to address the topic than to hear from students?	Lesson: <a href="#"><u>Tech Habit Challenge</u></a>
Thursday 	AI & the Elections	<a href="#"><u>Are Deepfakes a Threat to Democracy?</u></a>	With the elections just weeks away, help students think critically about the information they see online.	Lessons: <a href="#"><u>News &amp; Media Literacy Collection</u></a>
Friday 	Positive Relationships	<a href="#"><u>Teen Voices: Friendships &amp; Boundaries</u></a>	Help students build healthy and rewarding friendships, both online and off.	Lessons: <a href="#"><u>Quick Digital Citizenship Activities</u></a>
